You are required to certify that you will have available the sum of \$30,000 (master's/bachelor's) or \$40,000 (doctoral) in addition to cost of travel to and from home country. State the yearly resources, in U.S. dollars, that you will have to cover these expenses, excluding travel expense. You should also indicate how you will meet your expenses for subsequent years of study if you expect your program to require more than one academic year. In computing your expenses, you should bear in mind that students holding student (F) visas will not be authorized to work except under extraordinary circumstances. Therefore, the applicant should not look to employment, either part-time during the academic year or full-time during the summer, as a significant means of support while at Robert Morris University. Under no circumstances are the students permitted to work full-time during the academic year. You will probably need this documentation to prove to the United States Consular officials that you have sufficient funds. We suggest, therefore, that you make copies of all documents for this purpose.

PLEASE NOTE: A Form 1-20 (for the issuance of a visa) cannot be sent to you until you have been admitted to Robert Morris University and the financial responsibility forms have been completed to our satisfaction and returned to the office listed below.

All transfer students must have their previous college or university complete an International Student Transfer Form.
