

Register Devices using the RMU My Devices Portal

1. Connect to **RMU-Secure** with your RMU username & password and navigate to rmu.edu/mydevices in your browser.
2. Enter your RMU username & password and click **Sign On**. (This uses your Windows login, which can be reset at rmu.edu/myrmu)

My Devices Portal

Sign On

Welcome to the **RMU My Devices Registration Portal**.

The RMU My Devices Registration Portal is intended for RMU students to register and connect wired Ethernet devices, as well as Wi-Fi devices that do not support WPA2-Enterprise Wi-Fi such as [gaming consoles](#), [Roku](#), [Smart TVs](#), etc. **Wired Ethernet devices** must be registered through the My Devices Registration Portal to be connected to the network.

To manage your devices, **Sign On** using your RMU username and password.

3. Once signed in you will be presented with the Robert Morris University **IT Acceptable Use Policy**. You must read through and agree to this policy. Click **Accept** to continue.

Acceptable Use Policy

You must read and accept the **IT Acceptable Use Policy** to gain network access.

Robert Morris University user of resources, you may not enable unauthorized users to access the network by using a RMU computer or a personal computer that is connected to the RMU network.

The university is bound by its contractual and license agreements respecting certain third party resources; you are expected to comply with all such agreements when using such resources.

You should make a reasonable effort to protect your passwords and to secure resources against unauthorized use or access. You must configure hardware and software in a way that reasonably prevents unauthorized users from accessing RMU's network and computing resources.

You must not attempt to access restricted portions of the network, an operating system, security software or other administrative applications without appropriate authorization by the system owner or administrator.

You must comply with the policies and guidelines for any specific set of resources to which you have been granted access. When other policies are more restrictive than this policy, the more restrictive policy takes precedence.

You must not use RMU computing and/or network resources in conjunction with the execution of programs, software, processes, or automated transaction-based commands that are intended to disrupt (or that could reasonably be expected to disrupt) other computer or network users, or damage or degrade performance, software or hardware components of a system.

On RMU network and/or computing systems, do not use tools that are normally used to assess security or to attack computer systems or networks (e.g., password 'crackers,' vulnerability scanners, network sniffers, etc.) unless you have been specifically authorized to do so by Information Technology.

4. On the **Manage My Devices** page you will be able to add and edit your personal devices.

Manage My Devices

Registering your devices in the My Devices Portal will allow you to connect them to the **RMU-MyDevices** Wi-Fi network or any wired (wall) port on campus. Registration is required for gaming devices, smart TVs and other home devices that don't support username AND password authentication.

After registering your devices, you will be able to connect them to the **RMU-MyDevices** Wi-Fi network using the information below.

Wireless Network Connection Information:

Select Network: **RMU-MyDevices**
Enter Password:
Encryption: WPA2-PSK (may be required for some devices)

If you need assistance, please contact [ResTech](#) at 412-397-2299 or restech@rmu.edu.

[Need Help Finding Your MAC Address?](#)

Number of registered devices: 0/20

<input type="checkbox"/>	MAC Address	Device Name	Description	Status
--------------------------	-------------	-------------	-------------	--------

[Contact ResTech](#) | [My Devices Portal Help](#)

5. To add a personal device, click the **Add Device** button. Give your device a **name** and enter its **MAC address**. Most devices list the MAC address on the back or bottom of the device, or under its Wi-Fi or Network settings, e.g. AA:BB:CC:11:22:33. When you have filled out all of the fields click the **Submit** button.

Add Device

To add a new device, enter the MAC address. It consists of 6 alphanumeric number pairs separated by colons, e.g. AB:CD:EF:12:34:56. Then, give it a name and a description.

Device name: *

Xbox One X

MAC address: *

ab:cd:ef:65:43:21

Description:

Xbox One X Ethernet

6. Your registered devices will be listed below. You can have a total of 10 personal devices registered. Use the provided SSID Name and Password to connect with your registered devices that are unable to connect to RMU-Secure.

<input type="checkbox"/>	MAC Address	Device Name	Description	Status
<input type="checkbox"/>	AA:BB:CC:11:22:34	Test device		Not Registered
<input type="checkbox"/>	AB:CD:EF:12:34:56	Macbook	Apple Macbook Pro Retina 15"	Pending
<input checked="" type="checkbox"/>	AB:CD:EF:65:43:21	Xbox One X	Xbox One X Ethernet	Pending

If you need assistance, please contact the IT Help Desk at 412-397-2211, help@rmu.edu or visit the Hale Center, room 205.
