## “Meet the Firm” event

### O V E R V I E W

BNY Mellon’s “Meet the Firm” event will help introduce you to our leaders and analysts within technology and other functional business areas of the firm. You can explore our businesses through networking with professionals and learning more about how to best begin your internship and early career journey at BNY Mellon!

There will be representation from the following groups:

- Technology: business analysts, developers, cyber security, and data science
- Other functions: operations, finance, audit, HR, risk & compliance, wealth management, security services, and market & wealth Services

Don’t forget to dress for success and bring your resume for consideration!
