

Post-Master's/Post-Doctoral PMHNP Certification Program Request for Reinstatement Policy

If a student has been absent from the Post-Master's/Post-Doctoral PMHNP Certification program for more than two consecutive terms, he/she must notify the DNP program director in writing to request reinstatement.

The DNP Council will make a determination as to whether the student will be reinstated. If so, a determination will also be made as to any revisions in course plan (e.g. repeating of courses to ensure current knowledge) and/or demonstration of competency.

Faculty Approval: 7/19
