Academic Affairs

Research Student

Summer Research Faculty

Christopher Ogele

Statistics &
Data Science
SIHSS

Dr. Sang Ho Shim

Engineering Department, SEMS

Research Project: Omni-Channel Supply Chain: Optimal Locker Location under Nested Logit Demand Function

Michael Sible

Mechanical
Engineering
SEMS

Dr. Ben Campbell

Engineering Department, SEMS

Research Project: A Study of Corrosion Mitigation for Laser Marking on Stainless Steel

Ryan McCafferty

Political
Science
SIHSS

Dr. Tim Jones

Arts & Humanities Department, SIHSS

Research Project: New Directions in Multi-User Immersive Experience Design: Challenges and Opportunities in Full Dome Animation and Games

Anayzia Varsanyi

Nursing
SNEHS

Dr. Jessica Kamerer

Nursing Department, SNEHS

Research Project: The Experience of Developing & Delivering Multicultural Patient Education Sessions for Nursing Students

Niani Reyes

Clinical
Psychology
RSBUS

Dr. Hongguo Wei

Management Department, RSBUS

Research Project: Understanding Employee Depression and Coping Strategies

Melanie Andrew

Political
Science
SIHSS

Dr. Judit Trunkos

Social Science Department, SIHSS

Research Project: Ukraine Turns to Soft Power During Conflict. A Study of Ukraine's Soft Power Use After the Russian Invasion

**Research
Student
Award**

\$2,400
