Standardized Exit Exam Policy

In the senior year, students are required to achieve a satisfactory score on a standardized exit exam(s) in NURS 4035 NCLEX Licensure Preparation.

Failure to achieve a satisfactory score at the discretion of the instructor will result in an incomplete grade in the course and will delay graduation. For those who do not achieve a satisfactory score, the standardized exit exam analysis will be used to identify the areas of support needed. In addition, an individualized remediation plan will be developed to assist the students in meeting course objectives. Refer to course syllabuses for additional information.
