

# NEED AN INTERNSHIP?

Internships are a great way to gain real world experience and make connections in your field. Some programs require internships in order to graduate. Your faculty advisor can help determine whether or not an internship is required for your program.

## SEARCH

Check for job and internship opportunities via Handshake, email, and the CPDC social media accounts!

## NETWORK

Attend the Career Fairs in the fall and spring as well as networking events sponsored by the CPDC and other campus organizations.

## CONNECT

Connect with professors who may have industry connections. Talk with family and friends who may know companies looking for interns. Chat with classmates who have previously completed internships.

## CONTACT

Found an internship or need more information? Contact the Career and Professional Development Center!
